

Simply Soccer Sessions

August 17-21 at Heisteins Park, Randolph, NJ

Parents/Guardians,

We hope you and your families are safe and well. Please note we would really like the opportunity to coach your son(s) at camp this August only if you (parent/guardian) and your son feel it is safe to attend soccer camp. If you choose to participate please understand that your son will be around other players and participate in all soccer activities (including contact activities and games) as approved by the NJ Governor, NJYS and local guidelines.

Additionally if you as the parent/guardian and your son are comfortable participating in this soccer camp you understand you have a great responsibility to limit the risk to every other camper and staff member on camp by taking your temperature before camp daily and accurately completing the Daily Health Questionnaire. This questionnaire will be collected for every staff member and player who attends each day. Obviously if you have a temperature, symptoms, or simply not feeling well please stay home!

Please keep this sheet as a reference for camp. Parent and Players are responsible for:

1. Registration requirements

- Registration form
- Simply Soccer Covid-19 Waiver

2. Parent and Players responsibility every day before arriving to camp.

- Parents must take their child's temperature every day before leaving for camp. If the player's temperature is above 100.4, he must stay home.
- Parents must complete and sign a 'Daily Health Questionnaire' every day. This is to ensure everyone's safety and a requirement to attend camp. Payers will have their temperature taken before starting any activity at camp.

Every player will need a separate completed form as an 'entry ticket' every day they check in to attend camp.

(Please print 5 'Daily Health Questionnaires' for the week) These forms must be completed and in hand before the player arrives to camp each day.

Staff will quickly ask each player a couple questions and review every player daily questionnaire to ensure they can safely attend camp each day.

3. Players must bring all items listed below every day.

- **Backpack or bag** that is easily recognizable without opening to see if it is their bag. Please place nametag and other unique markings on the outside of the bag to identify easily.
- **Soccer ball** from home with their name written clearly in marker on their ball. We are not permitted at this time to give out balls and this will be the easiest way for everyone to find their own unique ball versus sifting through a pile of the same camp balls. Additionally, players must bring the following every day:
 - **Mask** to be worn to and from the car, at check-in for camp, going to the bathroom, during breaks and any other time requested by staff. Players will not be required to wear masks while playing.

- **More than enough water, a cooler with ice (or ice pack), sport drink and healthy snacks.** We cannot share nor supply any of these items this year. Additionally, players will be asked to carry out all garbage, wrappers, etc. that they bring in. We will not have public garbage bags or cans this year.

- **Hand Sanitizer** (coaches will ask players to clean their hands often each day)

- **Daily Health Questionnaire – This signed form is required for entry to camp each day.**

Finally, if you suspect your son becomes ill during camp please contact Simply Soccer (Camp Director Stewart Smith) at 201-572-0813. Simply Soccer are required to report this to the Recreation Director if brought to our attention. This will be confidential information and we will not share your name with anyone except the Recreation Director. If the Recreation or Health Department request, we make modifications to camp due to someone becoming ill, we will adjust accordingly while maintaining confidentiality.

- People must wear masks aligned with Executive Order #163
 - *Executive Order No. 163, which requires individuals to wear face coverings in outdoor public spaces when it is not practicable to socially distance and keep a six-foot distance from others, excluding immediate family members, caretakers, household members, or romantic partners, except where doing so would inhibit that individual's health, where the individual is under two years of age, or in situations where individuals cannot feasibly wear a face covering, such as when eating or drinking at outdoor areas.*

We know there was a lot of information listed above to get us going safely. We are confident in both the staff and the players who attend this camp will ensure the modifications will go smoothly.

All camp updates, announcements related to weather, covid-19 modifications, etc., will be posted on Twitter @njsimplysoccer

If you have any further questions, please reach out at 201-572-0813

Stay safe and I hope to see everyone later this summer.
